01

product highlights

product highlights

smart, reliable, ready for every household replacement.

made for replacement

the perfect choice for upgrading domestic refrigeration equipment.

easy to install

compact & versatile compressor with effortless installation.

engineered to endure

robust & reliable cooling for long-term performance, suitable for any brand.

02

refrigerants, technologies, applications

refrigerants, technologies, applications

compatible refrigerants

technologies

dedicated applications

- domestic refrigeration

03

portfolio

R-134a models.

- energy savings
- efficient motor
- high reliability
- quiet
- easy to install
- tube connection
- single pack
- without sight glass

refrigerant	model	disp.	motor	voltage & frequency	ASHRAE Evap -23.3°C / Cond 54.4°C / Liq 32.2°C / RG 32.2°C	
					capacity (BTU/h)	EER (BTU/Wh)
R-134a	BR1360Y	5.7	PTCRSCR	110-120V 60Hz	683	5.12
		6.5	PTCRSIR	220-240V 50/60Hz	614	4.10
	BR1380Y	7	PTCRSCR	110-120V 60Hz	785	5.12
		8	PTCRSIR	220-240V 50/60Hz	900	4.61
